

LUMBER SUPPLY CONTRACT

DENR CARAGA REGION  
(Ch... C...)  
**RELEASED**  
RECORDS UNIT  
DATE: SEP 24 2025  
BY: GANDE G. BAGOT  
Administrative officer III  
DOC. NO. 979524-ARC

KNOW ALL MEN BY THESE PRESENTS:

This contract is made and entered into by and between **CBFM-PO Sta. Teresa Ancestral Domain Farmers Producer Cooperative (STADFAPCO)** represented by **Mr. Alberto S. Badao a.k.a. "Datu Makasapnay"**, Filipino citizen, of legal age, married and a resident of Brgy. Sta. Teresa, Loreto, Agusan del Sur in his capacity as the PO Chairman, hereinafter referred to as the **SUPPLIER**.

-and-

**Sta. Teresa Ancestral Domain Farmers Producer Cooperative (STADFAPCO)**, a firm duly organized and existing by virtue of the laws of the Republic of the Philippines represented by **Ms. Arcelita B. Dinampo**, with postal address at Purok 3 Brgy. Sta. Teresa, Loreto, Agusan del Sur, Philippines, in his capacity as the manager and by virtue of PO Resolution No. 005, herein referred to as the **BUYER**.

WITNESSETH

**WHEREAS**, the **SUPPLIER** is a holder of Community Based Forest Management Agreement CBFMA No. 2020-ADS-003 with an area of 2,000 hectares located in Brgy. Sta. Teresa, Loreto, Agusan del Sur. The PO has available/allowable volume of 5,097 cubic meters of falcata and gmelina tress for 2025 years under the affirmed Community Resource Management Framework and approved Five-Year Work Plan (FYWP), and has not committed any violation against pertinent DENR laws, rules and regulations and has the capacity to supply as indicated below:

| Allowable Volume<br>(cu.m.) |       | Previous<br>Commitments<br>(cu.m.) | Available Balance                      |
|-----------------------------|-------|------------------------------------|----------------------------------------|
| Falcata                     | 4,097 | -                                  | 4,097                                  |
| Gmelina                     | 1,000 | -                                  | 1,000                                  |
| TOTAL                       |       |                                    | 5,097 cu.m./<br>1,296,676.80<br>bd.ft. |

**WHEREAS**, the **BUYER** will be engaging in the operation of Lumber Dealing and has not violated pertinent DENR laws, rules and regulations.

**WHEREAS**, the **SUPPLIER** is willing to sell and supply chainsaw-cut lumber with total volume of **5,097 cu.m./1,296,676.80 bd.ft.** of Falcata and Gmelina; as may be required or necessary for the latter's Lumber Dealer business and the **BUYER** is willing to purchase from the supplier such available volume.

**NOW, THEREFORE**, for and in consideration of the premises mentioned hereinabove, the parties here agree to enter into this **LUMBER SUPPLY CONTRACT** where the supplier shall sell and deliver to the **BUYER** chainsaw-cut lumber from its approved CRMF and Five-Year Work Plan (FYWP) under the following terms and conditions.

1. That the deliveries of logs/flitches/chainsaw-cut lumber under this contract shall be covered by the necessary supporting documents from the DENR and other Government agencies certifying as to the legality of the source;
2. That the quality of logs/flitches/chainsaw-cut lumber to be supplied shall be scaled by the **SUPPLIER** at the area for the determination of final grading as basis for the pricing and same shall be graded and rescaled by the **BUYER** upon delivery;

3. The SUPPLIER shall not be held liable and/or responsible for any omission and/or delay in the performance of its obligation under this contract caused by or arising from FORCE MAJEURE or ACTS OF GOD and other fortuitous events.

THAT both parties further agreed that:

1. The approving officer shall be free from any liability, criminal and/or otherwise in the event of breach of contract between the two (2) contracting parties;
2. The DENR shall not be made a party of any breach arising from non-performance of the obligations stipulated in the contract by any of the contracting parties.
3. Any proven violations against pertinent DENR laws, rules and regulations committed by either of the contracting parties shall be sufficient cause for the cancellation of this contract.
4. This agreement shall be subject to other pertinent DENR laws, rules and regulations governing that matter.
5. The validity of this agreement shall be 2 years effective immediately upon its approval by the DENR and automatically deemed earlier terminated when the volume contracted are exhausted, whichever comes first. It is being understood that either party may withdraw from it and declare it cancelled and of no effect within thirty (30) days written notice on the other party and that the DENR Region 13 shall also be notified.

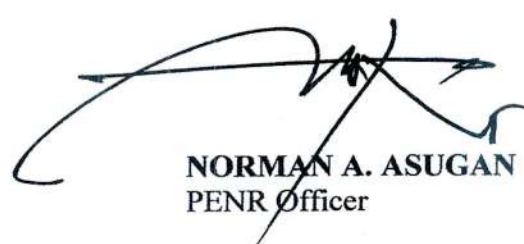

IN WITNESS WHEREOF, the parties have hereunto affixed there signatures  
this day of 08 AUG 2025, 2025 at STA. JOSEFA, ADS,  
Mindanao, Philippines.

  
**ALBERTO S. BADAO**  
Chairman, CBFMA-STADFAPCO  
SUPPLIER

  
**ARCELITA B. DINAMPO**  
STADFAPCO Manager  
BUYER

**Witnesses:**

  
**RACELYN A. ARGOSINO, CPA**  
CENRO Officer

  
**NORMAN A. ASUGAN**  
PENR Officer

Approved by:

  
**MARITES M. OCAMPO**  
OIC, Regional Executive Director

**Note:** The actual supply/delivery under this contract shall only be allowed if both parties have valid permits/authorities issued by the DENR and in accordance with the affirmed CRMF and approved FYWP. Further, the volume of lumbers allowed under this contract is only 5,097.0 cu.m. or an equivalent of 1,080,564.0 bd.ft. in lumber form, with a maximum thickness of five (5) inches.

**LUMBER SUPPLY CONTRACT**  
(Chainsaw Cut)

**KNOW ALL MEN BY THESE PRESENTS:**

This contract is made and entered into by and between **CBFM-PO Sta. Teresa Ancestral Domain Farmers Producer Cooperative (STADFAPCO)** represented by **Mr. Alberto S. Badao a.k.a. "Datu Makasapnay"**, Filipino citizen, of legal age, married and a resident of Brgy. Sta. Teresa, Loreto, Agusan del Sur in his capacity as the PO Chairman, hereinafter referred to as the **SUPPLIER**.

-and-

**Sta. Teresa Ancestral Domain Farmers Producer Cooperative (STADFAPCO)**, a firm duly organized and existing by virtue of the laws of the Republic of the Philippines represented by **Ms. Arcelita B. Dinampo**, with postal address at Purok 3 Brgy. Sta. Teresa, Loreto, Agusan del Sur, Philippines, in his capacity as the manager and by virtue of PO Resolution No. 005, herein referred to as the **BUYER**.

WITNESSETH

**WHEREAS**, the **SUPPLIER** is a holder of Community Based Forest Management Agreement CBFMA No. 2020-ADS-003 with an area of 2,000 hectares located in Brgy. Sta. Teresa, Loreto, Agusan del Sur. The PO has available/allowable volume of 5,097 cubic meters of falcata and gmelina tress for 2025 years under the affirmed Community Resource Management Framework and approved Five-Year Work Plan (FYWP), and has not committed any violation against pertinent DENR laws, rules and regulations and has the capacity to supply as indicated below:

| Allowable Volume<br>(cu.m.) |       | Previous<br>Commitments<br>(cu.m.) | Available Balance                               |
|-----------------------------|-------|------------------------------------|-------------------------------------------------|
| Falcata                     | 4,097 | -                                  | 4,097                                           |
| Gmelina                     | 1,000 | -                                  | 1,000                                           |
| <b>TOTAL</b>                |       |                                    | <b>5,097 cu.m./<br/>1,296,676.80<br/>bd.ft.</b> |

**WHEREAS**, the **BUYER** will be engaging in the operation of Lumber Dealing and has not violated pertinent DENR laws, rules and regulations.

**WHEREAS**, the **SUPPLIER** is willing to sell and supply chainsaw-cut lumber with total volume of **5,097 cu.m./1,296,676.80 bd.ft.** of Falcata and Gmelina; as may be required or necessary for the latter's Lumber Dealer business and the **BUYER** is willing to purchase from the supplier such available volume.

**NOW, THEREFORE**, for and in consideration of the premises mentioned hereinabove, the parties here agree to enter into this **LUMBER SUPPLY CONTRACT** where the supplier shall sell and deliver to the **BUYER** chainsaw-cut lumber from its approved CRMF and Five-Year Work Plan (FYWP) under the following terms and conditions.

1. That the deliveries of logs/flitches/chainsaw-cut lumber under this contract shall be covered by the necessary supporting documents from the DENR and other Government agencies certifying as to the legality of the source;
2. That the quality of logs/flitches/chainsaw-cut lumber to be supplied shall be scaled by the **SUPPLIER** at the area for the determination of final grading as basis for the pricing and same shall be graded and rescaled by the **BUYER** upon delivery;

3. The SUPPLIER shall not be held liable and/or responsible for any omission and/or delay in the performance of its obligation under this contract caused by or arising from FORCE MAJEURE or ACTS OF GOD and other fortuitous events.

THAT both parties further agreed that:

1. The approving officer shall be free from any liability, criminal and/or otherwise in the event of breach of contract between the two (2) contracting parties;
2. The DENR shall not be made a party of any breach arising from non-performance of the obligations stipulated in the contract by any of the contracting parties.
3. Any proven violations against pertinent DENR laws, rules and regulations committed by either of the contracting parties shall be sufficient cause for the cancellation of this contract.
4. This agreement shall be subject to other pertinent DENR laws, rules and regulations governing that matter.
5. The validity of this agreement shall be 2 years effective immediately upon its approval by the DENR and automatically deemed earlier terminated when the volume contracted are exhausted, whichever comes first. It is being understood that either party may withdraw from it and declare it cancelled and of no effect within thirty (30) days written notice on the other party and that the DENR Region 13 shall also be notified.

RESOURCE MANAGEMENT FRAMEWORK (CRMF) AND FIVE YEAR  
WORK PLAN (FYWP) OF CBFM-PO STA. TERESA ANCESTRAL  
DOMAIN FARMERS PRODUCERS COOPERATIVE (STADFAPCO)

**DATE :** April 3, 2024

Respectfully submitted herewith is the revised Community Resource Management Framework (CRMF) and Five Year Work Plan (FYWP) of CBFM-PO Sta. Teresa Ancestral Domain Farmers Producers Cooperative (STADFAPCO) holder of CBFMA No. 2019-ADS-003 covering a total area of 2,000 hectares located at Brgy. Sta. Teresa, Loreto, Agusan del Sur.

Please be informed that on May 5, 2021, the CRMF and FYWP of CBFM-PO STADFAPCO was affirmed and approved by the Undersecretary for Field Operations and Environment. However, the intent of the PO to develop the grassland and brush land into agroforestry has not been emphasized, hence this revision.

Be informed further, that the preparation/updating of CRMF and FYWP was conducted following the FMB Technical Bulletin No. 20 dated April 19, 2016 entitled "Enhance Guidelines and Procedures in the preparation/updating of CRMF and FYWP for the CBFMA" intended to provide enhancement in terms of approaches and processes as embodied in section 18 to 29 of DAO No. 2004-29 known as the "Revised Rules And Regulation For The Implementation Of Executive Order 263 Known As The Community Based Forest Management Strategy".

Attached for your ready reference and approval is the strategies and activities, community and PO profile, CSW report and thematic GIS-generated maps.

For information, record and approval.

Respectfully submitted herewith is the report on the updating/revised Community Resource Management Framework (CRMF) and Five Year Work Plan (FYWP) of CBFM-PO Sta. Teresa Ancestral Domain Farmers Producers Cooperative (STADFAPCO) located at Brgy. Sta. Teresa, Loreto, Agusan del Sur.

**I. RATIONALE**

Pursuant to FMB Technical Bulletin No. 20 otherwise known as "Enhanced Guidelines and Procedures in the Preparation of the Community Resource Management Frame Work (CRMF) and Five Year Work Plan (FYWP) for the CBFMA" CENRO Loreto created a CRMF Facilitators Team to provide technical assistance and guidance of Community Based Forest Management-Peoples Organization (CBFM-PO) in formulation of the CRMF and FYWP which composed of CENRO CBFM Officer, as Focal Person and members that includes CBFM Technical Staff, GIS Staff form CENRO Loreto, PENRO ADS and Regional Office, and Local Government Unit representative (BLGU/CLGU).

**II. BACKGROUND**

1. Sta. Teresa Ancestral Domain Farmers Producers Cooperative (STADFAPCO) is a duly registered People's Organization with the Cooperative Development Authority (CDA) with Registration No. CN 9520-13021768. The PO is composed of 374 members consisting of 173 males and 201 females;
2. STADFAPCO was awarded with Community-Based Forest Management Agreement (CBFMA) bearing CBFMA No. 2019-ADS-003 on January 13, 2020 covering a total area of 2,000 hectares located at Brgy. Sta. Teresa, Loreto, Agusan del Sur;
3. On May 5, 2021, the Community Resource and Management Framework (CRMF) and Five Year Work Plan (FYWP) of CBFM-PO STADFAPCO was affirmed and approved by the Undersecretary for Field Operations and Environment;

III. FINDINGS / OBSERVATIONS

Below are the result of the conducted community mapping and profiling of CBFM-PO STADFAPCO as tabulated below:

| COMPONENT                                                 | STRATEGIES & ACTIVITIES                                                                                                                                                                                                                        | ENVIRONMENTAL IMPACT                                                     | MITIGATION (mapadali)                                                                                                                                                                                                           | UWM | YEARLY MILESTONE |           |           |           |           |

#### IV. RECOMMENDATION

With the above findings/result, the CRMF Facilitating team of this office recommends for your approval and affirmation of the CRMF and FYWP of PO-STADFAPCO. Further, all necessary clearance/documents of the concerned offices shall be secured before the harvesting operation implemented including the Environmental Compliance Certificate (ECC) from Environment Management Bureau (EMB).

For information, record, affirmation and approval.

### 3.2 MISSION

A progressive accommodation of the communal livelihood program, industrial, agriculture, infrastructure with the cooperation of the CBFMA o IPs and all government agency concerned to improve and support the essential needs of the PO members. And preserving the capability, knowledge, and tradition of the Manobo tribes.

*"Ang mapaunlad ng kultura ng komunidad pangkabuhayan at ang aspetong industriyang agrikultura para palakasin ang koneksyon sa pamagitan ang CBFMA o IPs na naglaan at iba pang mga pang governing ahensya sekto. Para sa makapanghatid ng opotunidad na trabaho at makapagbigay kita gamit ang aspeting pang turismo para mabigyang kaalaman ang mga myembro sa mga CBFMA o IPs sa pamagitan ng training at seminar"*

### 3.3 GOALS AND OBJECTIVES

#### GOALS

1. To uplift the economic status of the members and the community from the planted commodities granted by different government agencies for better yield in the future;
2. To invigorate stakeholders to participation in all plans, programs, activities;
3. To protect and conserve the natural resources within the CBFM area, and;
4. To support the anti-illegal campaign of the DENR.

#### OBJECTIVES

1. Promote diversified integrated farming system for the upland farmers;
2. Linkages to other stakeholders and funding institutions;
3. Strictly implementation of all existing ordinances relevant to law and order;
4. Conduct trainings and seminars to capacitate stakeholders; and
5. Strict implementation of all existing environmental laws.

## II. PROBLEM AND ISSUES

- 2.1 Manobo Tribes suffering poverty due to dislocation of their farming livelihood caused by arm conflict boasted by NPA and AFP encounter in their farming area/ancestral land.
- 2.2 Only few members were given 4p's program of DSWD. Alternate livelihood shall be pursue by the cooperative.
- 2.3 No job opportunities to Manobo tribe due to less education and civilized
- 2.4 No professionals among members.
- 2.5 Manobo are selling their ancestral lands to businessman engaged in logging due to poverty.
- 2.6 Farm to Market Road/Unproductive/lack of technology / lack of financial support
- 2.7 Vegetative cover of the area are poor. Needs rehabilitation and reforestation, especially on riparian zone of watershed.
- 2.8 IPRA Law implementation are less of CEPA.

## III. LEGAL BASIS (Balaodnon Basihan)

- 3.1 Executive Order No. 263, series of 1995 - Adopting Community-Based Forest Management as The National Strategy to Ensure the Sustainable Development of The Country's Forestlands Resources and Providing Mechanisms for its Implementation.  
DAO 2004-29, Aug 25, 2004
- 3.2 DAO 2004-29 series of 2004 (Revised IRR) of Executive Order no 263
- 3.3 Community-Based Forest Management (CBFMA) – is an agreement entered into by and between the government and the local community in a locality, represented by a people's organization as forest managers, for a specific period wherein the local community is allowed to develop, utilize and manage a small tract of forest land consistent with the principle of sustainable development.

- 3.4 IPRA Law No. 8371 of 1997- An Act To Recognize, Protect And Promote The Rights Of Indigenous Cultural Communities/Indigenous Peoples

3.5 Section 7b of Indigenous People Republic Act No. 8371 signed into law by then F V. Ramos on Oct. 1997

#### **IV. SUSTAINABLE ECONOMIC AND RESOURCE DEVELOPMENT**

##### **4.1 Resources Economic**

- The cooperative plan to selective harvest of Rattan, and Timber (Falcata & Gmelina) Plantation. Above mentioned resources found within 2,000 hectares-CBFM area the proceed of same will be use to finance all targeted activities to be implemented by the cooperative with technical assistance from DENR.
- Observation found the resource use plan. Falcata - 737 trees (sporadic plantation) with corresponding volume of 320.04 cu.m and estimated about 30 hectares more or less. In Gmelina - 637 trees (sporadic spacing) with corresponding volume of 284.54 cu.m and estimated about 10 hectares more or less. The Rattan there are 56,034 poles with 168,102 Linear Meter. (For more specific information please see the attached Stand Stock Table and Field inventory tally sheet).

##### **4.2 Forest Resource Development**

- All areas harvested with rattan should be replanted using wildlings and Planted Falcataria & Gmelina should be expanded in open and denuded areas. Expansion Planting of Falcataria – 20 has. And Gmelina – 20 has.
- Afforestation and Reforestation activities thru planting of Indigenous species with an area of 50 hectares in Five (5) years. Confirmed riparian zone of watershed area.
- Interested individuals or company who willing the create agreement in development are also facilitated by the CBFM-PO thru sharing scheme agreement or monthly rental.
- In forested area, there are over matured and defective natural grown trees of Indigenous species. Cooperative plan to process soon for sanitation cutting permit of the aforementioned species. In consonance of section 1 of DENR Adm. Order No. 99-35, s. 1999.

##### **4.3 Brushland Area**

- There are 227 hectares covered brushland could be develop into Agroforestry / tree plantation intercropped banana. Existing residual shall be left behind for future reserve resources.

##### **4.4 Small-scale mining utilization**

- Kiobok area exploration of mineral ores would be an option by the cooperative members as livelihood option.

#### **4.5 Mini-Sawmilling & Woodworking**

- All matured logs planted species and logs extracted from natural grown defective trees thru sanitation cutting shall be slice into lumber and to be manufactured into value added products. Namely, window jams, Door jams and furniture's. Per DAO 2004-29 series of 2004, PO is allowed to establish Mini-sawmill within CBFMA. Sanitation cutting permit shall be applied by the PO in separate processing which approval authority launched in the Regional Office per section 1 of DAO 99-35 series of 1999

#### **4.6 Banana Plantation**

- Portion of brushland area with slope of 18% below will be planted with Lakatan species and mixed with cacao and coconut plantation.

#### **4.7 Livestock Production and Fish Ponds**

- Goat raising and Tilapia production shall be established in the area as part of food production.

### **V. STRATEGIES AND ENVIRONMENTAL DEVELOPMENT ACTIVITIES**

#### **5.1 Assisted Natural Regeneration (ANR) and enrichment planting (Indigenous spp.)**

- This is the priority activities that will be conducted by Manobo tribe members and the source of their daily wages shall be paid by the cooperative officials from the proceeds of harvested and commercialized resources. This is subject of Auditing rules and regulations of concern activities and proper documentation shall be emphasis by the cooperative.

##### **• Removing of Undesired Vegetation**

- Since the affected trees/ defected trees has no crown, the vines and shrubs are dominated in the area. Then in order to plant indigenous species they need to conduct strip brushing and vines cutting using sharp bolo's of members. Wages of laborer shall be paid by the cooperative.

##### **• Staking and Hole Digging**

- It will be conducted by the used of stick that has a diameter at least 10 cm with a sharp edge then staking. Quarterly target of 2,430 wildlings to improved vegetative cover.

##### **• Wildlings Collection and Planting**

- The adjacent site for ANR has observed abundant of wildling as per resource inventory conducted by CENRO personnel. This will serve as source of wildlings in the site for enrichment planting. Earth bole is recommended for the collection and plant it immediately to avoid stress of the wildlings collected. Vigorous

- **Marking and Recording of healthy residual**

- They notice that some of healthy standing trees is in the site for ANR. Marking and recording of the healthy standing trees is important and shall be done and this will left behind for serve as nurse trees of the newly planted wildlings (Dipterocarp species). Proper documentation of said activities.

## 5.2 Organization Development

- **The STADFAPCO Monthly Meeting**

- The Chairman of the POs together with the BODs shall convened a meeting every month to give updates regarding the development, issues, concerns and needs for the meeting and give action to resolve the problem.

- **STADFAPCO semi-annual/ annual assembly meeting**

- The POs shall schedule the semi-annual/annual assembly meeting to gather all the members of the CBFM-PO for the updates and development in the area. Also to update the protection and sustainable livelihood activities. It will also good venue if there is investor want to engage into agreement in the CBFMA for Eco-tourism Trainor in their site development.

- **Training and Seminar/Orientation**

- The Chairman together with their BODs will set various training and seminar/orientation in coordination with the concern agency or institution as service provider in order to empower the PO members and educate it relative to their functions and purposes as CBFM-PO members.

## VI. LIVELIHOOD ENTERPRISE AND VALUED ADDED PRODUCTS DEVELOPMENT

- **Harvesting of Falcata and Replanting**

- The sporadic plantation matured falcata with an area of estimated 30.0 hectares has different in diameter breast height because of the uneven spacing in time of planting. Selective cutting using chainsaw shall be done in the site marked all trees to be cut and marked also the trees to be left out for future harvest. The CBFM-PO will establish replanting and expansion planting of the Falcata for their sustainable harvesting of planted species.

- **Harvesting of Gmelina**

- It is observed matured Gmelina in the area in 10.0 hectares and

harvest. The CBFM-PO will conduct replanting and Twenty (20) hectares. Expansion planting of Gmelina for their sustainable harvest. Confined in barren quarry areas.

- **Harvesting of Rattan**

- The CBFM Area has abundant of rattan species, the PO will engaged rattan harvesting for another source of income for funding to accomplish the target meetings and seminars/workshop and livelihood for the CBFM-PO member. The PO will conduct expansion of rattan under residual trees for sustainable harvesting. Furniture making of rattan shall be develop and encourage that serve as self-reliant livelihood to the coop members.

- **Harvesting of other minor products**

- In CBFM area there is a Cave that will serve as habitat of the fruit-bat. The PO found abundant of "guano" in the cave and plan to market it as fertilizer of Banana plantation since the PO has no existing banana plantation in the site. CBFM-PO will be established plantation then the marketing will stop and use the guano as plantation fertilizer inputs.

- **Rattan Handicraft making**

- The CBFM-PO will make rattan furniture, cabinet and other handicraft provided that the training and workshop was done properly and the member will participate and give fashion on handicraft making.

- **Establish coconut intercropped with banana**

- The PO has an area suitable for coconut intercropped with banana (Binangay) for about 25 hectares for the first year and it will expand up to desired hectare for 25-years target. This will enhance sustainable income and communal livelihood of the CBFM-PO member. Possible development confined in the brushland area.

- **Establish reservoir**

- In the protection area there is a potential site for reservoir establishment and the CBFM-PO will set aside funding for water facilities and supplies to all members.

- **Develop Kaotihan / Mindangkiyas water falls**

- The development of water falls will properly coordinated in the municipal level tourism office to conduct falls assessment and development that will facilitated by the CBFM-PO. The financial

Possibly, the cooperation will apply FLAGT for development of the area

- **Develop Kibonghi Waterfalls and Eco-Tourism/**

- The development of this waterfalls will also properly coordinated in the provincial/municipal level tourism office and conduct assessment and development that will facilitated by the CBFM-PO. Open for investors or LGUs for opportunity as tourist spot

- **Watershed Development**

- Tigbawan River and Tributaries creeks area subject for tree plantation at least 20 meters both side shall be planted with indigenous species such as Dipterocarps and other riparian and vegetation vine species including Balete (Wolf Tree) for source of fruits food supply for the birds & buts.

## VII. SUPPORT SERVICES (OGA'S)

- All support government agencies will invite and request concerned agencies to support the CBFM-PO for the development of CBFMA area and give opportunity to the member enhance income in order to promote their culture and education of IPs.
- In compliance of mandates of Executive Order No. 263 all agencies involved to support the CBFM-PO members for their sustainable projects in order to eradicate poverty of upland dwellers.

**VIII. PLANS (based on the existing CRMF, if applicable and shall be updated through the validation process of focus group discussion (FGD))**

**8.1 VISION:** A Unity, Peace, Knowledge and a Man love his God and Manage the Environment to Economically Progressive

*Ang Pagkakaisa, Mapayapa, Edukado at ang Taong Mapagmahal sa Panginoon ay ipagpatuloy at pangalagaan ang kalikasan at economiyang progreso.*

**8.2 MISSION:**

A Progressive accommodation of the Communal Livelihood Program, Industrial, agriculture, infrastructure with the cooperation of the CBFMA o IP's and all government agency concerned to improve and support the essential needs of the PO members.  
And preserving the capability, knowledge, and tradition of the Manobo Tribes.

*Ang mapaunlad ng tuluyan ang comunidad pangkabuhayan at ang aspetong industriyang agrikultura para palakasin ang koneksyon sa pamagitan ang CBFMA o IP's na naglaan at iba pang mga pang governing ahensya sekto. Para sa makapanghatid ng oportunidad na trabaho at makapagbigay kita gamit ang aspetong pang turismo para mabigyang kaalaman ang mga myembro sa mga CBFMA o IP's sa pamagitan ng training at seminar.*

**8.3 GOALS AND OBJECTIVES:**

**8.3.a. ORGANIZATIONAL & MEMBERS DEVELOPMENT:**

1. To strengthen PO through regular meetings(monthly BOD quarterly/annual assembly)
2. To conduct trainings/seminars(value formation, organizational development, financial management and simple bookkeeping);
3. To provide trainings on IP's traditional norms and culture;
4. To provide incentives to the members, sharing of RUP proceeds;
5. To allocate 16 hectares for built-up areas and tribal houses and multi purpose facilities;
6. To develop/formulate organizational policies and benefit sharing scheme;
7. To parcellarize survey and award Certificate of Stewardship Contract (CSC) to be finance by CBFM-PO;

**8.3.b. RESOURCE SUSTAINABLE DEVELOPMENT :**

1. To allocate 350 hectares forest tree/ agro-forestry dev't through NGP, CBFM-

2. To secure permit to commercialize sand and gravel and other minerals;
3. To established/enrichment planting of rattan species and ANR activities of entire CBFMA;
4. To established bank protection plantation with indigenous along Tigbawan River and Creeks.
5. To allocate seed production, within forested and hilly area within reserved forest 3.0 hectares. Seeds and wildlings produced shall be commercialized supplied to mining company of adjacent province of Surigao del Norte.

#### **8.3.c. FOREST PROTECTION :**

1. To assign Bantay Gubat to conduct patrol works of the entire CBFM area; and adjacent forest
2. To submit monthly report on patrol works to the CENRO;
3. To conduct silvicultural treatment or sanitation cutting of defective Natural Grown Trees of the entire area/protect the existing forest resources; thru cutting of vines and proper monitoring.
4. To protect the existing healthy residual in the entire area of forest. Enrichment planting should be done.

#### **8.3.d. RESOURCE UTILIZATION:**

1. To utilize in a sustainable way the existing resources specifically the existing tree plantation and other non-timber products;
2. To utilize/ manage the available sand and gravel resources within Umayam River;
3. To utilize 30 hectares Falcata planted by the previous TLA compliance;
4. To utilize 10 hectares Gmelina planted by the previous TLA compliance;
5. To utilize 168,102 linear meter rattan and other non-timber.(Guano & Water resources)

#### **IX. EXISTING AND PROPOSED LAND USE (e.g. Agroforestry, agricultural, plantation);**
